HOBBIES

- Playing Cricket
- Tech Videos
- Traveling

PROFILE SUMMARY

B. Tech graduate with a strong foundation in Java and software testing. Experienced with automation tools like Selenium and collaborative platforms like JIRA. Skilled in front-end technologies including HTML, CSS, JavaScript, and ReactJS. Passionate about innovation, clean code, and solving real-world problems through technology. Quick learner with excellent communication and a team-first mindset.

EDUCATION

SRM Institute of Science and Technology, Chennai
B. Tech in Electronics and Computer Engineering (ECM) | 2023
CGPA: 7.19

EXPERIENCE

INMAKES INFOTECH PVT LTD
Software Testing Intern | Aug 2023- Nov 2023

- Gained hands-on experience in manual and automation testing on online real-time projects.
- Wrote and executed test cases, reported bugs, and validated fixes.
- Improved skills in Core Java, Selenium WebDriver, and used JIRA for bug tracking and test management.
- Understood the software development lifecycle (SDLC) and the significance of QA in product success.
- Actively cleared doubts and engaged in learning with mentors during the internship, despite limited direct team interaction.

PROJECTS

- Automated Testing Framework (Personal Project)
 - a Selenium-based testing framework in Java to automate test scenarios for a sample web application.
 - Included reporting, test data management, and reusable functions.
- Portfolio Website
 - Developed a personal portfolio using HTML, CSS, and JavaScript.
 - Showcased projects, resume, and contact form
