## SKILL

- HTML & CSS
- JavaScript
- Bootstrap
- React.JS
- Core Java
- Spring Framework
- Agile Testing
- MySQL
- Python
- Automation Testing
- Selenium
- GitHub

## CERTIFICATES & AWARDS

- Internship Certificate (Software Testing) | Nov 23
- ICREACT'23 Certificate (Text to Braille Communication Device) | Mar 23
- TCS Ion Career Edge- Young Professional (Soft Skills) | Jan 24
- TCS Presentation Skills | Jan 24
- Winner, (2022) Inter- College Cricket Tournament | Srm University
- ABHIGYAM '23 Certification [Executive Member of the Electrum club]

## HOBBIES

- Cricket
- Traveling
- Tech Videos

## PROFILE SUMMARY

- o Passionate B. Tech graduate with a keen interest in technology and innovation. Proficient in **Java** and **Python**, with a solid grasp of data structures and algorithms. Experienced in software development, system analysis, and database management. Skilled at problem-solving and collaborative teamwork. Hands-on experience in software testing, specializing in **Core Java**, **Selenium**, and testing tools. Proficient in front-end web development, focusing on **HTML**, **CSS**, **JavaScript**, and **React JS**. Dedicated to contributing to innovative projects and driving continuous improvement in the field of technology.

## EDUCATION

- o SRM INSTITUTE OF SCIENCE AND TECHNOLOGY, (CHENNAI)
  - BACHELOR OF TECHNOLOGY (B. TECH) | 2023Bachelors in Electronics and Computer Engineering (ECM) with 7.19% CGPA - gained comprehensive skills in hardware, software, and systems.

## EXPERIENCE

- o SOFTWARE TESTING INTERN | AUG 2023- NOV 2023
  - During my Software Testing Internship, I gained hands-on experience in software testing.
  - This experience broadened my skills in bug-tracking software and deepened my understanding of Core Java fundamentals, Java Selenium enhancing my capabilities in testing.
  - Responsibilities included executing test cases, validating software performance, debugging applications, using bug-tracking software, documenting defects, and verifying bug fixes.
  - Proficient utilization of industry-standard testing tools like Selenium and Jira streamlined processes and expedited bug resolution cycles. Additionally, I facilitated clear communication and collaboration between development and testing teams through meticulous defect documentation.
  - This internship equipped me with a comprehensive skill set in software testing principles and Core Java proficiency, driving my commitment to continuous improvement in software quality assurance practices.

## COURSES

- o Programming for everybody (getting started with python) | Coursera (May 22)
- o python for beginners' course in-depth | Udemy (July 23)
- o Java Programming 101: Introduction to Java | Simplilearn
- o TCS ion career edge-young professional (soft skills) | TCS ion (Jan 24)
- o HTML & CSS | lets Upgrade (Jun 23)
